SPRINGDALE.

Mrs. Lottie Corryell spent Monday with relatives and friends here.

Mrs. M. Bradford of Covington is the charming guest of Mrs. Ida McDonald.

Mr. John Mann of Vanceburg was here on business Wednesday and Thursday.

Miss Edna M. Dudley and Miss Iva Soister were immersed in the beautiful Ohio river at twilight last Lord's Day, by Elder T. P. Degman.

Mrs. C. M. Little and her son, John, have returned to their home at Cleveland, Ohio, after a two weeks visit with Elder and Mrs. T. P. Degman.

Elder T. P. Degman began a protracted meeting at Bethany last Lord's Day and at this writing seven have been added to the Church, and the services seem more interesting each evening. Last Thursday evening Mr. and Mrs. E. G. Henderson came for membership. There never was a happier time over a more appreciated little band of people than those were and there are others who should, and we trust will, follow the example of these worthy people.

FOXPORT.

Yantis Thomas returned home from a visit with his sisters at Vanceburg last Friday; he was accompanied home by his sister, Mrs. Commodore Pollitt and two children.

Quite a little excitement was created here last week when D. Sheriff Wallace Poynter and Claude Toller went to the home of and arrested Gilbert Fearin on the charge of insanity. Fearin became enraged and began shooting and came very near killing Poynter, the ball grazing his side.

Master Dewey, son of Daniel Franklin and wife had the misfortune to fall out of a spring wagon last week and break an arm.

Mrs. Louis Christman and two little sons of Mt. Sterling who have been visiting relatives here returned home last week accompanied by Wm. Gallat wife and little son of Mowrytown, Ohio.

The gage marks 12.5 and falling.

Boats cannot land within thirty feet of the wharf at Evansville. Dredging will be begun this week.

Captain Web Morton, the well-known steamboat cabin builder, has retired and will make his future home with his son, in St. Paul, Minn.

The steamer Avalon has been placed the Pittsburgh and Charleston trade in place of the Kanawha while the latter is docked for repairs.

The Grover Cleveland running out of New Orleans to Madisonville, has had twenty-five feet added to her length. She is now being repainted and refurnished in New Orleans.

The Pittsburgh Gazette says: The South-bound coalboat is encountering considerable difficulty from the shoal places and heavy fog and some accidents to the tows are reported.

Now that the fall business season has set in rivermen look for good trade. Were it not for the steamboat rates to all points on and adjacent to the river freight, charges would be much higher than at present.

Lieutenant Commander Stone, issued the following notice Friday: "Masters and pilots are notified that while the work of constructing the Ohio river dam, No. 37, about twelve miles below Cincinnati, is in progress, the following lights will be shown to show the obstructions for the present: One red light on each side of the clear channel on the up-river entrance and one white light on each side of the down-river entrance. The clear channel is between these lights and about 450 feet wide.

The Evansville Courier says: "Although the Mississippi has been flowing, in its bigness, all the ages, and Presidents have been going and coming in all their greatness for these many years, they have had but little personal experience the one with the other. We believe that no President, while occupying the Executive chair, has ever made anything like a trip on the Mississippi river. Some have taken insignificant short excursions for a few miles up and down its water; but to the best of our recollection no President has yet stayed with the river long enough to turn a half dozen bends. Mr. Roosevelt will break this precedent on October 1st, when he will board a river steamer at Keokuk and linger with its meanderings all the way down to Memphis, Tenn. The trip will occupy nearly four days, which is long enough for the President to get acquainted with the river and which will commemorate the first extensive Mississippi river trip ever taken by a ruling President of the United States. No doubt Mississippi river improvement will begin almost before the trip is ended, for the President has a way of assimilating himself, as it were, with conditions in order to get a knowledge of them. It is a rapid method, but very often proves an accurate one, and once the possessor of this knowledge, he says things about the conditions that have a tendency to set somebody at work utilizing them."

The Louisville Herald of yesterday contained a fine group picture of Hon. A. E. Willson, Hon. W. H. Cox and Messrs. Bidwell and Rau, of the Herald Staff, fording a creek in their recent campaign through the mountains. It is a splendid and characteristic picture of how the Republican candidates are indefatigable in their efforts to reach the voters despite almost insurmountable obstacles. The voters are being educated and Mr. Willson and Mr. Cox are blazing the way for a better Kentucky.

OVERTAXED
Hundreds of Mayeville Readers Know What It Means

The kidneys are overtaxed; Have too much to do. They tell about it in many aches and pains—Backache, sideache, headache, Early symptoms of kidney ill. Urinary troubles, diabetes, Bright's disease follow.

A Mayeville citizen tells here a certain cure. Mrs. Lizzie Burns, living on the Blue Run Turnpike, West End, Mayeville, Ky., says:

"My opinion of Doan's Kidney Pills which I expressed through our newspapers in the spring of 1900 has not altered. I value this preparation more highly today than I did when I gave my first testimonial. Before I got Doan's Kidney Pills I was troubled with severe spells of backache and kidney complaint which came on every few months, and there were times when I was confined to my bed and rendered almost helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have noticed slight returns of backache since, but an appeal to Doan's Kidney Pills never failed to quickly and positively check the trouble. In every case I know among my friends when Doan's Kidney Pills have been used the results have always been satisfactory.

For sale by all dealers. Price 50 cents per box; Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

WITHOUT CERTIFICATES
Teachers May Conduct Public Schools in Harrison County, Kentucky

As a result of an order issued by J. H. Fuqua, State Superintendent of Public Instruction, teachers in Harrison county will not have to secure certificates to teach in the public schools of that county.

A few days ago J. W. Rogers, County Superintendent of the Harrison Schools, found that there were eight schools under his jurisdiction that could not be filled owing to the small pay. The date for examination had passed and he appealed to the state Superintendent.

He received a reply saying that graduates of a high school could teach by presenting their diplomas.

If this ruling is applicable in every county of the state, it is believed several hundred high school graduates will enter the profession of teaching.
